A few things to note about the reservation links:

- While the Daily Destination Amenity fee has been waived for your group and overnight self-parking has been reduced to \$12 + tax per car per night, the standard rates will still appear on the website and all confirmation emails. By reserving your room through this link, these charges will automatically be updated by the hotel internally. You will see the correct amount on the final room folio.
- If a night is completely sold out for all room types, the link will display 2 error messages. For example, if a stay of 4/08/19-4/10/19 is selected but the room block is sold out on 4/09/19, the error messages will appear. The first error message pops up in a dialogue box that reads "Sorry, there are no rooms remaining in the group block for a particular night. Please contact the Hotel directly for assistance." After you click out of the dialogue box, there is a red and pink box that reads "Group Rate Not Available for Requested Dates". If these messages appear, please call the hotel at 509.455.8888 and ask for "Historic Reservations" and they will assist you.
- The last day to reserve rooms inside the block is 3/15/19. The link will no longer work after this date.
